As a victim of a High School shooting at Thurston High School in Springfield, Oregon in 1998 I am strongly in support of this bill. "Ghost" weapons are undetectable-period, enough said. We as a state and as a nation have the responsibility to one another to continue to keep our nation safe-in all ways, this includes the prevention of any kind of undetectable firearms. The impact of the shooting I experienced as an 18 year old high school student will forever live with me, if we can prevent future shootings from impacting our Oregonians we owe it to our fellow Oregonians to make the necessary changes.
