

Submitter: Herbert Everett

On Behalf
Of:

Committee: Joint Committee On Ways and Means Subcommittee On Natural
Resources

Measure: SB5509

Please restore the Wildlife Coexistence Funding Package to the ODFW budget. As humans have a larger and larger impact on the natural environment, it is critical that we support wildlife in all its diversity. COVID has pushed more and more people outside, which is both great and a big challenge. Please support this bill and fund these efforts to preserve sanity in our natural areas.
