

Submitter: Jose Gutierrez

On Behalf Of:

Committee: House Committee On Behavioral Health and Health Care

Measure: HB2002

As a Oregon resident and father of a daughter , I oppose this horrific bill allowing minors to mutilate their bodies.

Allowing girls as young as 15 to be sterilized without parental consent.or girls have an abortion at any age, without parental consent.

Use taxpayers money to establish abortion access in rural areas of the state.

Protects abortionists from losing their medical license or malpractice.

Makes it illegal for a county to declare an 'abortion free zone.

Repeals existing law that makes it a crime to conceal the birth of an infant, if the person conceals the corpse of a newborn child to prevent determination if the child was born dead or alive.

This bill is an attempt to take away parent rights.
