

March 20,2023

Chair Nosse, Vice-Chairs Goodwin and Nelson, and Members of the Committee

I wish to express strong support FOR House Bill 2002. Being a woman who raised two sisters, and not wanting any children of my own, I was never personally faced with whether or not to have an abortion. However, I strongly support all women who do face this choice. It is a personal decision for each individual and the choice cannot and should not be taken away!

The access to abortion is a fundamental right per the Oregon Constitution. The attempts to circumvent the law created by the vote of the legal citizens of the State of Oregon should not stand.

Please make sure you strongly support a women's right to reproductive choice and vote to SUPPORT this bill when you cast your vote.

Thank you, and please keep our Constitution strong on this issue!

Sincerely,

Sherry J Schroeder
