

Submitter: Michael Bell
On Behalf Of: State of Oregon
Committee: Senate Committee On Judiciary
Measure: SB320

I believe all persons should be given a second chance to become a good respectful citizen in where they have taken responsibility for there actions in showing the citizens of Oregon that they can abide by the laws of the state of Oregon. They should be able to earn good time if they show they are abiding by the rules and laws and by showing good character towards there fellow man or woman.
