

Submitter: Kelly Locati

On Behalf Of: Childre

Committee: House Committee On Behavioral Health and Health Care

Measure: HB2002

This bill will allow pimps who illegally sex traffic minors a clear path. It is absurd that parents rights will be stripped away in order for an agenda to exist. The fact that parents are being treated like an enemy of the children is ludicrous. Parents have children's best interest at heart. Please do not vote to support this horrible unjust bill.
