Measure: HB2006

Nothing in this Bill is a great example of the values that have made America and Oregon great.

At a young age, about 10 years old my Dad taught me the safe practices, hunting and storage of firearms. These values still stick with me as I hunt now with my 19 year old grandson. How can you possibly sign off on a piece of legislation that takes the rights of self dependence, responsibility and livelihood of acquiring food and safety from a family?

What kind of message does this send to our son's and daughter's in the US Military? We can't trust you but you can protect our country?

The only 18-20 year olds that should not have a firearm are criminals, you may confiscate their firearms and throw them in jail for once!

Convict Criminal, Not Law Abiding Citizens!
