

Submitter: Sharon Waterman

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure: HB3459

As a customer and member of an electric cooperative, I oppose HB 3459. Like any other business, the electric cooperative must maintain financial stability. If the State prohibits disconnecting customers due to non-payment this will hinder the financial stability of the electric cooperatives. The rate payers will end up footing the bill for those who don't pay. This is unfair. There are government programs available to assist people who are in such a poor financial situation. I urge you to oppose HB 3459.
