HOUSE BILL 3431

Dear House Economic Development and Small Business Committee:

The City of Medford opposes House Bill 3431. After Measure 110 was passed in Oregon, the City of Medford saw a decrease of 75% of State marijuana Taxes. The loss of monies from Measure 110 meant forgoing several community projects and programs.

The City of Medford opposes any future legislation that reduces the amount of marijuana taxes paid to cities or that provides monies to new groups or organizations that could benefit cities like prior to Measure 110.

We urge you to vote no on House Bill 3431.

Sincerely,

Ryan Martin
City of Medford, CFO/Deputy City Manager
