Measure: HB2006

I am writing in support of HB2006 to raise the age for purchase and possession of semi automatic firearms to 21. It makes no sense that an 18-20 year old can buy a semi automatic firearm when research shows that gun homicides are committed most often by people in that age group. Personally, I don't understand why anyone who is not actively in the military needs a semi automatic firearm. But at least let's be reasonable about who can legally get one. Please vote "yes" on HB2006 to start getting a handle on the ever increasing gun violence in our state.
