

Submitter: Kaleena Ackelson

On Behalf Of:

Committee: House Committee On Behavioral Health and Health Care

Measure: HB2002

The fact that this is even going to be a consideration in Oregon is appalling.

MINOR children in this state aren't allowed to:

Vote

Drink

Smoke (weed, cigarettes, etc. because it's damaging to their growing bodies)

Join the military

Why? Because they aren't old enough to make these decisions soundly yet.

READ THAT LAST SENTENCE AGAIN.

It's baffling to me that people think it's okay to help minors make these important decisions without the consent of a parent.

Don't make parents criminals. This is severe overreach by the government.
