

Submitter: Rob Shepherd

On Behalf Of: Rob Shepherd Enterprises

Committee: Senate Committee On Housing and Development

Measure: SB611

I am a small housing provider of 24 years in Florence Oregon. If this bill passes I will be forced to sell all units. They would sell instantly to outsiders wishing to relocate to the coast. It would displace people to the streets as my town does not even have enough housing to attract medical workers. We have 90+ openings for them. This bill make housing here worse. Rob D Shepherd
