Committee: Senate Committee On Housing and Development

Measure: SB611

The company I work for services Bend, Redmond, La Pine and Sisters. We have been in Central Oregon for 20 years and we strongly oppose SB 611. This would be detrimental to the rental community and homeowners. We have already seen a max exodus of homeowners who no longer want to own rental property in Oregon due to the extreme rental laws and the state favoring the tenants. Without landlords there will be no rentals. We do not want to become San Francisco.
