Measure: SB85

Please vote no on this bill! I oppose this bill as there are already rules in place that CAFO's follow . I work for a rancher and their livelihood and that of all that work for them and all they provide their animal products too will be rendered not only without food products but jobs that it creates that is that live here in Oregon pay taxes on and are trying to get by with the economy turned upside down and we struggle to make ends meet and put food on the table already! This is more bureaucratic government overreach that is totally unacceptable unnecessary and a waste of our hard earned money that you are to spend wisely! This is not using tax dollars wisely! No no no on this bill!! Thank you and please listen to We The People who work our asses off 10 hours a day doing the work that puts eggs, meat, and milk in your hands and in the bellies of your family! Would love to come to the Capitol and see what is in your lunch box if you are for this bill than you should never partake in any animal product again in your life!
