Measure: SB85

Senator Golden and the committee -

Thank you for listening to all of the testimony and for your work on this new amendment. I am glad to hear that this change will make the bill only apply to large poultry CAFOs. I request that in this amendment, a moratorium on Tier 2 poultry CAFOs be no less than 5 years and that if the -2 moves forward with a 2 year moratorium, it includes Tier 1 poultry CAFOs as well. Thank you for your consideration.

Sincerely,  
Jillaine Poverud
