

Submitter: Colin Meskell

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure: HB3464

I am writing in support of this bill to remove beavers from the list of predatory animals. Although I have lost some prized fruit trees to beavers in the past, I understand the benefits of beavers in our ecosystem. We need a better way of managing beavers than allowing nuisance beavers to be killed without first considering other alternatives.
