

Submitter: Paul Emge

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB1065

I oppose SB1065. While counties around the state are moving to stop the sale of psilocybin in their jurisdiction. This bill is forcing them to allow it, against the people's choice.

This bill appears to be trying to decriminalize possession of a number of harmful and illegal substances. Please do not do it.
