On Behalf Of:
Committee: House Committee On Judiciary
Measure: HB2007

NO ON HB2007

Licensed concealed handgun owners are not committing crimes necessitating this law. This is making people who follow the law and are trained less able to protect themselves and others. More laws do not equal less crime, the criminals won't even know this law exists, or care! Turning law abiding gun owners overnight into criminals for crossing imaginary lines will solve nothing in our state!
