

Submitter: Shirley Hoffmann

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure: HB3464

Let us move forward on removing beavers as a predatory species in Oregon! They are critical to the health of native ecosystems and without them the state will be poorer, both ecologically and economically. This legislation makes sound scientific sense and should become law. Let's do what's best for our state, including all species.
