Hello House Judiciary

So yet another flawed bill IMO.

Roseburg warming center had 4 people stabbed less than a month ago (knives are common and cheap). He died when police shot him after citizens had detained him in some way ?

Dogs scare people... even the little ones can bite.

Crimes don't often happen when a officer is in site of the perp... (must be a phycology to that ?)

2 bad actors can over power a strong man.

Years ago a lot of purse snatching was going on in a major US city... women were being attacked. Soon personal protection classes were being offered and it was not long

before crimes against women were greatly reduced.

Not knowing has a positive effect on criminals... GUN FREE ZONES, ARE KILLING ZONES (schools, malls and movie theaters, just look them up).

2nd Amendment affirms the right of the people to protect themselves... recent trends tell me we need it known people could be armed as opposed to saying good people will not have guns here because they fear the law.

This Bill is not the message we want for our streets.
