

Submitter: Stephanie Hull

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB2005

The use of privately made firearms (PMFs), commonly known as "ghost guns," increased by over 1000% from 2017 to 2021, a report from the Bureau of Alcohol, Tobacco, Firearms, and Explosives (ATF) showed. We should not be making it easier for criminals to have access to firearms!
