

Submitter: Michael Sears  
On Behalf Of: Self  
Committee: Senate Committee On Natural Resources  
Measure: SB85

Greetings Honorable Congressmen & Women

It is a shame that the moratorium of one of many regulations that are thrust upon farmers will prevent them from operating their farms.

The big question that needs answered its justification and benefit of this legislation to our communities. Farmers have proven themselves to be great stewards of the land and their herds, families and community. This bill is an assault against the working man and his family and for the betterment of the community, needs to be canceled.
