

Submitter: Al Fiedler
On Behalf Of: Concerned about the constitution
Committee: Senate Committee On Housing and Development
Measure: SB611

This bill is unconstitutional, therefore null and void. There is no Water control, no electric control, no property tax control, no sewer control, no insurance control, no gas control, no natural gas control, no food control, no car permit control, there is no cost controls an any of these items that keep increasing. Yet the legislators want to control the rental business profitability and bankrupt the little guy. THIS IS UNCONSTITUTIONAL!!! You are isolating and singling out one business entity.
