

Submitter: Kathy Cooper

On Behalf Of:

Committee: House Committee On Rules

Measure: HB3509

Ranked Choice Voting is complicated and confusing and will result in MUCH lower voter turnout. This has been shown in places where it is already in use. Ranked Choice Voting requires more handling of ballots and will result in more chain of custody issues and more adjudication issues. This system redirects and redistributes votes which is unethical. A HUGE NO to HB 3509!!!
