

Submitter: Jeremy Watson
On Behalf Of: Hb3390
Committee: House Committee On Judiciary
Measure: HB3390

I strongly oppose HB3390. This bill isn't solely about fur sales for garments. It dramatically affects fly fishing as well. Fur garments have been a staple in all man kind since the beginning of time. Fur garments and parts there of as listed directly attack anyone and everyone whose cultural heritage has anything to do with fur garments. The fiscal impact will be more than a few stores in Portland. As an upstanding member in this fine state I seek that the committee will understand the impact this will have on constituents across the state. Thank you for your time
