

Submitter: Heidi BALL

On Behalf Of:

Committee: Senate Committee On Health Care

Measure: SB1076

I am strongly opposed to SB 1076. While it is noble to ask that the hospitals provide services and plans for homeless patients, it is irresponsible of the legislature to pass bills such as this that have no funding. This is not a sustainable solution. I have taken family members to ER several times in the last year. It is a long wait for any patient and not a pleasant experience.

This is adding an undue burden in the already short staffed healthcare system and will end up costing fire/police and numerous social services agency time and money to deal with the fallout.

Vote no on SB 1076.
