

Submitter: Larry Swenson

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure: SB611

As a residential rental owner in Central Oregon since the 1990's, I ask that you oppose HB 611.

I am and have always been extremely fair with my tenants, yet Bills such as this unfairly undermine my investments and indeed persecute me for providing housing.

Over the last few years, I and other owners I'm in contact with have chosen to sell our rental units likely removing them from the rental housing stream.

Please do not allow this Bill to proceed.
