Measure: HB2007

I oppose HB 2007 as it only hurts the law abiding citizen who has taken the proper steps to lawfully carry a firearm. This will have zero impact on criminals as they neither care for the law, nor abide by them.

I also oppose HB 2005. Again, this will do nothing to stop criminals. Americans have been building home made firearms since the birth of this great country.

Further restricting the rights of the law abiding citizens will not prevent criminals from carrying out egregious acts. We have the God given right to defend ourselves and our families.
