RE: SB 320

It's obvious to me this body of people has more time on their hands and nothing better to do than create idiotic bills. Ever heard of priorities? Global warming, cloud seeding, messing with hard working people's lives and livelihoods with negative impacts is not what you were elected to do. Maybe it's time to get out of your offices and meet with every day folks, trying to make a living, raise families and just get by. Everytime you create a new bill that negatively impacts your constituents, your true colors come through.

Quit making things easier for the bad guys and more difficult for the ones paying your salaries.

NO on SB 320.
