

Submitter: John C Nyberg

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB3214

I'm a 50 year 4-H Leader. This would be a great disservice to the youth of Oregon. These animals are better cared for than most people. They have shelter, proper feeding, groomed, and showered regularly. These young people learn to develop life skills, speaking, book keeping, team work, and evaluation, to name a few. These are skills not being taught in school, these days. Please oppose this bill for the youth of Oregon.
