

Submitter: Frank Hubbard

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure: SB611

I have been a landlord for twenty nine years in Clackamas Oregon because of the ever restricting laws against landlords in Oregon I will sell all properties and buy in a state that supports free enterprise. That breaks my heart as I moved here in 1964 and every year I see the state getting worse homeless people everywhere and yet the state does not appreciate the landlords. So sad to see this beautiful state getting ruined by politicians thinking they know better than free enterprise.
