

Submitter: Karl Keefer

On Behalf  
Of:

Committee: House Committee On Agriculture, Land Use, Natural Resources, and  
Water

Measure: HB2659

We need affordable housing built in our state as a top priority.

This bill is several steps backwards on the path to resolving our housing issues.

If other administrative regions in our state, e.g. small towns, need assistance in meeting the requirements of these state-level rules, let's provide that assistance instead of undoing progress that's been made.
