

Submitter: Susan Weber

On Behalf Of:

Committee: Senate Committee On Natural Resources

Measure: SB85

I oppose factory farming of any kind. It is extremely inhumane, destroying our planet rapidly along with our health. I have always looked up to Oregon to do the right thing for the environment and the people who live there. Factory farming does the opposite. There are many other products to farm to make money that do not cause horrific cruelty and pain to animals. Please show your compassion and choose the right thing. Thank you.
