On Behalf Of:

Committee: Senate Committee On Natural Resources

Measure: SB85

I am writing to express my concern with and opposition to the proposed amendment to SB 85. If passed with this amendment, Oregon would fail to address the many public health, environmental, animal welfare, and other effects Oregonians faces from other versions of factory farms, such as mega-dairies and cow feed lots. SB 85 needs to be passed as it was originally introduced.
