Measure: SB85

Hello.

I'm writing this in support of the original FULL factory farm moratorium bill SB 85.
This is not just a poultry CAFO problem, it is an ALL CAFO disaster for Oregon!

Two years will never be enough to understand how these giant factory farms pollute
and torture animals.

Please pass the full 8 year moratorium so Oregon can continue to be a beautiful and
respected state.

Thank you,
Cara Ratkovich
