On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB2006

How in good conscience can you ask my 18, 19 and 20-year-old grandchildren to pick up a weapon and experience the horrors of war for you and your grandchildren, yet deny them the right to buy and carry similar weapons at home. Shame on you.

Do you honestly believe that will keep mentally disturbed people from obtaining a gun and harming others? Shame on you.
