

Submitter: Karen Carrier  
On Behalf Of:  
Committee: House Committee On Judiciary  
Measure: HB2006

I am in favor of increasing the age to purchase guns to 21. Schools can prohibit guns on their campuses. Cities and counties should be able to, too.

I believe there should be fewer guns in public spaces. The evidence is abundantly clear in other countries where fewer guns are in circulation in the general public, if at all. This is a wakeup call for us and we **MUST** start somewhere!
