Committee: House Committee On Behavioral Health and Health Care

Measure: HB3090

I oppose this. 1. If this passes there will be layoffs at my place of employment. 2. I am one year off a 2 pack a day habit after 40 years and if I decide to smoke again I am glad that (for now) I have the better option of using a vape that is not only less offensive to those around me but has a pleasant taste. 3. I am an American adult in a free country and should have the right to make this decision for myself. 4. My life should not be micro managed by my government. Thank you for hearing me.
