Measure: HB2005

Dear House Committee on Judiciary:

HB 2005 is a common sense gun law. No one needs an undetectable gun that can be smuggled into courtrooms or airplanes or other areas protected by metal detectors. A gun of this type is used for one purpose, to bring a gun in by stealth and kill people. These guns cannot be traced if found at a crime scene. They do not belong in a civil society.

Please vote yes on this bill. Ban undetectable guns for the safety of our judiciary and the flying public.
