

Submitter: Ruppert Reinstadler

On Behalf Of:

Committee: House Committee On Behavioral Health and Health Care

Measure: HB2002

When did it become a good idea to let 15 year old kids decide about changing their sex - without parental consent or even knowledge? Who thinks this stuff up? Not only is it a bad idea but it's immoral and unconscionable. Please do not bring this type of lunacy to Oregon. If adults feel this is right for them then that's their choice. But 15 year olds are not enough self-aware yet to make those decisions. Please be reasonable and reject this wrong-headed thinking.
