

Submitter: Sue Scott
On Behalf Of: tenants and landlords
Committee: Senate Committee On Housing and Development
Measure: SB611

Relocation amounts being tripled is my biggest beef with this bill. It's Ludacris! Then all the fines we are liable for if we make a simple mistake. IF you are proposing to limit landlords then you should propose to limit health care and groceries. You are choosing us because we don't have the political clout that pharma and big retail do. It's unfair!
