

Submitter: Todd Vaughn

On Behalf Of:

Committee: Senate Committee On Natural Resources

Measure: SB85

I am opposed to this bill and to its amendment. We need to make it easier for meat-producers to stay in business, not harder. Protein has already gotten so expensive that many of us can't afford a healthy diet for our families and this Bill will exasperate this problem. Inflation is killing us, and this Bill only adds to the problem. Leave agriculture alone!
