

Submitter: Julie Sutherland

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB2006

The sooner you teach a child the correct way to handle a firearm the better prepared they are for situations that they may encounter. The family outings while hunting are some of the best memories I have with my family. Our family has always had firearms in our house and we were taught the correct way to handle firearms. Please stop restricting the firearm and taking away our 2nd amendment right.
