

Submitter: Todd Vaughn

On Behalf Of: Tiller

Committee: House Committee On Climate, Energy, and Environment

Measure: HB3464

Any animal that is on my property and doing damage... or has the POSSIBILITY of doing damage, is mine to kill... period! That is how it works in my neck the woods, and if you make a law prohibiting me from protecting what is mine, you better not send a man with children to enforce it. This type of legislation is nothing but tyranny, and it will not be tolerated, by free Americans!
