On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB2007

Please vote in favor of HB 2007 to allow cities to regulate concealed carry. Such restrictions will reduce the fear of intimidation and violence that can deter people from participating in civic life in public places. People carrying concealed weapons have used their guns to threaten, injure, or kill people or disrupt speakers and protests espousing views with which they disagreed. Thank you for your support!
