

Submitter: Rachel Swanson

On Behalf Of:

Committee: Senate Committee On Health Care

Measure: SB1076

I am strongly opposed to SB 1076. While the pursuit of care for homeless patients is admirable, it is irresponsible of the legislature to pass bills like SB 1076 that have no funding. This is not a sustainable solution. My family members have been admitted to ER several times in the last year. It is a very long wait for any patient, and can be a traumatic experience. If SB 1076 was in place, it would add an unnecessary burden in the already short staffed healthcare system. Not only will it add to the difficulty of the patients needing ER assistance, but it will cost fire/police and social services agency time and money to deal with the fallout

Vote "no" on SB 1076
