Measure: HB2007

Chair Kropf, Vice Chairs Andersen and Walan, and members of the House Judiciary Committee:

I am writing in support of HB 2007. As someone who goes into public buildings to acquire permits and attend meetings, I would appreciate the added safety in knowing that concealed carry permit holders were prohibited from bringing their guns into the building. Guns can accidentally discharge, they can be left in bathrooms and picked up by a child or a prohibited person, or they can be intentionally fired at an employee or building patron. Public buildings are not a place for guns. Guns can be kept in vehicles in a gun safe or left at home when someone needs to enter a public building. Guns everywhere clearly don't make us safer, as we have more gun violence than any Western nation.
