

Submitter: Melissa Brownell

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB3214

I oppose this bill. As a mom to several small children, I believe animal husbandry is important. As a family in city limits, my children are not exposed to animal husbandry on a daily basis. I have the opportunity to take them to events, where they can learn about animals and the care needed for those animals. This bill will prohibit the education of children and adults alike, by removing the exposure to animals. I believe we need more exposure to the world and ideas around us, not less.
