Committee: House Committee On Judiciary

Measure: HB2006

Chair Kropf, Vice Chairs Andersen and Walan and members of the House Judiciary Committee:

The age for purchasing assault style weapons should match the age for handguns. A person should be 21 to purchase a gun in Oregon. Why do we need assault style weapons in the hands of young adults in our state?

I have a student who attends a Portland Public high school. With the uptick in gun violence around the nation at schools, I am fearful everyday that a mass shooting may occur at hers or other Oregon schools. I urge you to support HB 2006 to make all our public spaces safer, without gun violence.

Thank you,
Nicole Dorfman
