On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure: SB611

I am retired and my only livelihood are my rentals. With the rules and restrictions you put upon my rentals i have already lost income. As i said is my only source of income. You need to stop lumping all landlords into the same category. The way its going i too will be homeless and in need of you to put someone out of bissness to house my wife and i.
